## POLITICA INTEGRATA PER LA QUALITÀ, L'AMBIENTE, LA SICUREZZA, LA SALUTE e LA SICUREZZA ALIMENTARE

REPI S.r.l. recepisce la Politica del Gruppo Repi-Ferline SA e la declina in base alle caratteristiche della propria realtà aziendale e del proprio business.

Il cliente è ritenuto partner di REPI S.r.l. e l'obiettivo strategico è di soddisfare le sue necessità seguendo i crescenti bisogni determinati dall'evoluzione del mercato; pertanto, tutte le attività, individuali o aziendali, quotidiane o pianificate, a medio o lungo termine, sono armonizzate in tale ottica.

L'obiettivo primario di REPI S.r.l. è quello di sviluppare e proporre prodotti che risolvano le esigenze e richieste del mercato, e che incontrino i requisiti e le caratteristiche applicative concordate con il Cliente, comprese quelle attinenti alla produzione di prodotti sicuri per il mercato dei materiali a contatto con gli alimenti.

La competitività dei prodotti, la costanza di qualità, il rispetto delle prescrizioni ambientali, di salute e sicurezza nonché il rispetto dei requisiti cogenti relativi ai prodotti sono parti integranti dell'obiettivo descritto.

La Direzione, inoltre, ritiene fondamentale e supporta, tramite il processo di formazione continua, il coinvolgimento e la partecipazione attiva di tutto il personale, in modo tale che ciascuno si senta protagonista in un ambiente in continuo miglioramento per la qualità del lavoro, la protezione dell'ambiente, la tutela della salute, della sicurezza dei lavoratori e la sicurezza alimentare.

Gli obiettivi che ci guidano sono:

- il miglioramento continuo della qualità;
- la prevenzione dell'inquinamento ambientale, con particolare riferimento alla gestione dei rifiuti in un'ottica di economia circolare, alla riduzione del consumo di risorse, all'utilizzo di energia da fonti rinnovabili e al controllo delle emissioni in atmosfera;
- l'adozione di misure tecniche, organizzative e di "buone pratiche" per la protezione dai rischi, la prevenzione degli infortuni sul lavoro e la gestione delle situazioni di emergenza, anche attraverso la raccolta e analisi di dati statistici relativi alle misure di prevenzione e protezione adottate;
- il miglioramento dei comportamenti e della cultura della salute e sicurezza, della salvaguardia dell'ambiente e della sicurezza alimentare attraverso il coinvolgimento delle persone, unitamente ad una formazione e addestramento mirati, volti all'accrescimento delle competenze;
- la garanzia di utilizzo di materie prime idonee al contatto alimentare e il mantenimento e miglioramento delle strutture e dei comportamenti volti all'impostazione di un adeguato sistema di gestione della sicurezza alimentare;
- la collaborazione con i nostri fornitori e i nostri clienti affinché il miglioramento delle performance di qualità, ambiente, sicurezza e sicurezza alimentare rappresenti un beneficio per tutti;
- la costante comunicazione interna ed esterna.

Il successo di REPI S.r.l. dipende dalla capacità di migliorarsi, adattarsi alle nuove realtà, cogliere i segnali di cambiamento provenienti dall'esterno, trasformandoli in opportunità implementando un adeguato sistema per la gestione dei rischi aziendali.

Allo scopo, nella riunione di pianificazione, la Direzione analizza progetti specifici proposti dalle varie sezioni verificandone la compatibilità con la strategia aziendale, il potenziale impatto sul business e la loro fattibilità.

La Direzione attua inoltre il costante monitoraggio degli indicatori definiti annualmente per la valutazione delle prestazioni del sistema integrato.

La presente Politica Integrata viene riesaminata ed aggiornata periodicamente per garantirne l'adeguatezza ai cambiamenti dell'organizzazione e del suo contesto, agli obiettivi aziendali e alla Politica del Gruppo.

## INTEGRATED POLICY FOR QUALITY, ENVIRONMENT, HEALTH, SAFETY AND FOOD SAFETY

REPI S.r.l. incorporates Repi-Ferline SA Group Policy and adjusts it according to its own features and business.

The Customer is considered a partner of Repi S.r.l. and the strategic objective is to satisfy its needs following the growing demands determined by the market evolution; therefore, all activities, whether individual or corporate, daily or planned, in the medium or long-term, are harmonized in this perspective.

The main goal of REPI S.r.l. is to develop and propose products that satisfy the needs and demands of the market and that meet the requirements and the application specifications agreed with the Customer, including those relating to the production of safe products intended for the market of food contact materials.

Product competitiveness, quality consistency, compliance with environmental, health and safety requirements, as well as with the mandatory requirements relating to products, are integral parts of the objective described.

The Management also considers it essential and supports the involvement and active participation of all the staff through the continuous training process, in such a way that everyone feels protagonist in an environment that is constantly improving as for quality of work, environment conservation, workers' health and safety protection, as well as food safety.

Our leading objectives are:

- the continuous quality improvement;
- the prevention of environmental pollution, with particular reference to the waste management from a circular economy perspective, the reduction of resources consumption, the use of energy from renewable sources and the control of air emissions;
- the introduction of technical, organizational and "good practice" measures for the risk protection, the work accidents prevention and the emergency situations management, also through the collection and analysis of statistical data related to the prevention and protection measures adopted;
- the improvement of attitudes and culture of health and safety, environment conservation, food safety, through the staff involvement, together with targeted education and training, with the aim to increase skills;
- the assurance to use raw materials suitable for food contact, the maintenance and improvement of structures and behaviors aimed at setting up an adequate food safety management system;
- the cooperation with our suppliers and customers so that everyone can benefit from the performance improvement of quality, environment, safety, and food safety;
- the constant internal and external communication.

REPI S.r.l. success depends on the ability to improve itself, adapt to new realities, grasp the signals of change coming from outside, transforming them into opportunities by implementing an adequate system for the corporate risks management.

To this end, during the planning meeting the Management analyzes specific projects proposed by the different departments, verifying their compliance with the corporate strategy, the potential impact on business and their feasibility.

The Management also constantly monitors the key indicators defined annually for the performance assessment of the integrated system.

This Integrated Policy is reviewed and updated periodically to ensure adjustments to changes in the organization and its context, compliance with the company objectives and with the Group Policy.
